LEGAL NOTICES.

ATTENTION:

Support was given from take to take, however, and the market was not permitted to become demonalized. There was considerable liquidation of speculative holdings, and the extended activities of the bear faction were indicated by the largely increased demand for stocks in the "loan crowd."

Politics has come to the forefront once more as a poent influence in the stock market. For the last few weeks the street has been inclined to give less heed to political considerations, although they were recognized as a restraining influence. The attention given to the last two speeches of President-elect Wilson and the interpretation placed upon them as indications of the probable character of the incoming administration have been of
